The Stage House Tavern, although expanded and modified over the years, still provides the aura of an 18th-19th century hostel. The Stage House Tavern has played a prominent part in the history of Scotch Plains ever since 1737 when its first innkeeper was licensed. It served as the meeting place for local government and a rallying point for enlisting soldiers during the Revolutionary War. A Liberty Pole stood outside it where the 1920 War Memorial now stands. It also served as a way station on the Swift Sure Coach Line and served many prestigious patriots, including Lafayette, and many prominent military figures of the Revolution quartered in the area in 1777. This building is a fine example of an early tavern and has been in continuous use as such since its construction in 1737. It has played a prominent part in the government of the town where its "Long Room" was used for initial town meetings. It still plays an important role, situated across the street from the present City Hall and "Town Green". It is a fine example of the growth and adaptation to new needs and requirements in the march of progress. We are committed to providing the highest quality food and service at a tremendous value in a beautiful setting. Thank you for joining us and we hope you enjoy your experience in continuing the history of Stage House Tavern.
